

## Letter of Recommendation

March 27, 2015

To whom it may concern,

It is my pleasure to recommend David Sevier. His performance working for me as an assistant football coach was exemplary and he proved to be a valuable member of the staff – one that would be an asset to any program.

I have known David for 3 years in my capacity as a teacher and coach. David worked along with me teaching summer school and as my assistant coach/defensive coordinator. Based on his work, I can state that he was one of the best teaching colleagues and assistant coach I have had the pleasure to work with.

David distinguished himself by consistently submitting exceptionally organized lesson plans and game plans. He is very knowledgeable in the sport of football and works well with other people. David always is ready to do what is best for the program. He is not a person that accepts others to not do their best. David is the type of person that helps make sure that everyone has the opportunity to be a part of the solution, not a part of the problem. David is highly intelligent and has good organizational and communication skills.

If David's performance in our program is any indication, then I believe that he would be an extremely positive asset to your program.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely,

Marcus Teal
